

## What to do after an Auto Accident

### Step 1

Stay Calm & Safe.

Move the vehicle out of the flow of traffic if it is safe.

Call 911 if you or anyone is injured or in danger.

Do not leave the scene.

### Step 2

Get the other vehicles information. If more than one, all vehicles.

Make, Model, Year, License Plate, and Damage.

Get other drivers' information. Insurance, and Driver's License.

Make it simple by taking clear pictures of everything stated above.

Do not discuss accident with the other driver or argue. Just exchange Information.

### Step 3

Identify witnesses if any exchange info name and phone number.

Take photos of the scene where car was stopped, direction it came From and direction of travel. Street names and location.

Police information if any.
